Look sharp. Logitech® QuickCam Pro 9000 uses Carl Zeiss® optics with autofocus and 8-megapixel images to capture every detail, even in the most extreme close-ups. RightLight™ 2 ensures great-looking images, even in poor lighting, while an ultra-wide field of view and automatic face tracking always keep you right in the middle of the action. RightSound™ echo-cancellation and noise reduction technology makes your conversations sound crystal-clear and natural—you'll feel your friends and family are there with you. Spice up video calls with Logitech Video Effects filters plus avatars and face accessories that mirror your expressions and motion.
